University Catalog Description of Course:

“A comprehensive geographical survey of major economic activities such as agriculture, forestry, fishing, mining, manufacturing and commerce. Emphasizes the study of the characteristics of distribution and the regional patterns of these activities.”

[Source: University of Florida Undergraduate Catalog 2019-20,

<https://catalog.ufl.edu/ugrad/current/courses/descriptions/geography.aspx>]

Course Description:

The discipline of geography includes two branches --physical and human, and this course focuses exclusively on the latter. This course provides a geographical perspective of recent and contemporary economic issues in the context of globalization, albeit with inclusion of historical developments of the subfield of Economic Geography. The objectives of the course are to discuss concepts related to the evolution and spatial distribution of economic activity, and to explore how the resultant emerging locational patterns of economic activity are affected by globalization. Discussions will focus on issues such as trade, technological change, and governmental policy from the perspectives of labor, the firm, the consumer, and the state. This course will utilize lecture format, class discussion, documentaries, short videos, and guest lectures (when possible) for instructional purposes.

OBJECTIVE: This course will provide students with the contextual information and awareness of the spatial distribution and spatial interaction of economic activities in a rapidly globalizing world economy and to aid students in placing this relationship in the context of broader social and political institutions and dynamics.

COURSE OUTCOMES: At the completion of this course, students should be able to: 1) develop an understanding of concepts and issues related to the spatial interactions of the economy, particularly in light of historical theoretical developments; 2) develop an understanding of how increasing globalization of our world today affects these interactions; and 3) develop the ability to analyze – critically – current issues related to economic geography.

REQUIRED TEXT:

Coe, Neil M., Kelly, Philip F., and Henry W.C. Yeung. 2013. *Economic geography. A contemporary introduction*. Hoboken, NJ: John Wiley & Sons, Inc.

RECOMMENDED TEXT:

*Dasgupta, Partha. 2007. *Economics: A very short introduction*. New York: Oxford University Press, Inc.

This particular text will provide students the opportunity to make better connections to issues in Economic Geography by providing a background and/or refresher in Economics, particularly when comparing the economically advanced developed world in contrast to the developing countries, the latter of which are often referred to as the “Global South.” This particular text is highly recommended if a student has not taken an undergraduate course in Economics. Nonetheless, this book is useful even if one is already an Economics major. It is available at retail establishments such as the University of Florida (UF) Bookstore, Barnes and Noble, Amazon.com, etc.

SUPPLEMENTAL READINGS: The instructor will submit additional readings digitally or in hard copy as deemed necessary throughout the semester to reinforce the learning objectives. Please check E-Learning (Canvas) periodically for updates in this regard.

GRADING:

- 1) Attendance and Participation: 25%
 - 2) Three Film Reviews: 30% (10% each)
 - 3) Three Article Reaction Papers: 45% (15% each)
- 100% - **TOTAL COURSE EVALUATION**

ATTENDANCE AND PARTICIPATION:

Regular classroom attendance and participation are key components of student success; however, for full credit toward attendance and participation, students are expected to be at every class meeting throughout the entire class session, and must not be reading other materials (including laptop computers, tablets, iPads, cellular phones, etc.). Participation entails responding to questions directed by the instructor and by participating in peer-initiated discussions as well.

FILM DISCUSSION: Three films will be shown in class or may be assigned to be viewed outside of class (with no charge to any students for accessing such documentaries), as all relate to changing economic conditions that have spatial implications and thus, relate well to Economic Geography (even though people may have seen one or more of these documentaries in other courses or outside of an academic environment). Subsequent class meetings after viewing such documentaries will entail class discussions about issues relevant toward economic geography.

POLICY REGARDING ACADEMIC HONESTY:

UF students are bound by The Honor Pledge which states, "(W)e, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<https://sccr.dso.ufl.edu/process/honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor.

OTHER COURSE POLICY ISSUES:

CLASSROOM ETIQUETTE:

University classrooms are professional environments and you are expected and required to act accordingly. Class attendance is more than a mere physical presence in the classroom – it means the following rules are expected and required: no reading of novels, magazines, newspapers, notebooks, digital devices, cell phones, or anything else during class. Playing of games, passing notes, having side conversations with neighbors, or using laptops or other digital devices are not permitted. **ABSOLUTELY NO TEXT MESSAGING OR USE OF CELLULAR PHONES DURING CLASS TIME!** You should set your cell phones to mute or vibrate and put them away for class. As the instructor, I reserve the right to interrupt class to ask that the offending student(s) to STOP with whatever activity that it is that disrupts the teaching/learning process, and if necessary, require that they leave the class if said activity continues during a class session or in subsequent sessions. This additionally applies toward unauthorized use of laptop computers as well! Lastly, it is okay to disagree with others about their opinions, but please show due respect accordingly. You are all in this together and my job is to best facilitate the learning environment equally amongst all students. Civility is expected at all times.

One final remark about classroom etiquette: ANY behavior directed toward (a) student(s) and/or the instructor that is deemed insubordination will result in the following: 1) attendance and participation for that particular day will NOT count; 2) the offending individual(s) will be required to leave the classroom for the remainder of the class meeting; 3) any graded activity for that day will automatically result in a “ZERO” for a score that cannot be made up; and 4) reduction in final grade for course, as determined necessary by the instructor.

CLASS CANCELATION:

In the event that the university is closed due to inclement weather or for some other unforeseen circumstance, then that class meeting’s itinerary is moved to the next scheduled class session. However, it is your responsibility to keep up-to-date with any changes that might occur with adjustments to the class schedule and with respect to due dates.

THE INSTRUCTOR RESERVES THE RIGHT TO ALTER OR MODIFY THE CONTENT COVERED AND THE SCHEDULE FOR DUE DATES AT ANY TIME DURING THE SEMESTER.

I look forward to working with you all this fall semester. Good luck, learn geography, and have fun in this class too! Much of your education is what you make of it, so do your part to make the best of this experience while you earn credits toward your university degree. Have a great semester!

IF YOU ARE NOT SATISFIED WITH YOUR PROGRESS DURING THE SEMESTER, PLEASE SEE ME AS EARLY AS POSSIBLE. PLEASE DO NOT WAIT UNTIL THE END OF THE SEMESTER TO ADDRESS CONCERNS. ADDITIONALLY, IF ENGLISH IS NOT YOUR FIRST LANGUAGE AND THIS MAY PRESENT A PROBLEM IN YOUR COMMUNICATING IN WRITING IN THIS COURSE, PLEASE SEE ME AS SOON AS POSSIBLE TO ASSIST YOU WITH MOVING FORWARD. Welcome to “Economic Geography”! I look forward to being your instructor.
