COURSE GOALS AND/OR OBJECTIVES (REQUIRED):

GEO4930 Senior Seminar is a bridge to your future after graduation and will prepare you

to take steps toward graduate studies or a career in geography or a related field. This course also serves as a capstone class in which your student learning outcomes as a Geography major are assessed. The goals for this course are as follows:

- Further develop your skill at self-presentation to other professionals. You will do this through an infomercial and resume.
- Understand the purpose of prospective graduate study, particularly specializing in a subfield and evaluating prospective institutions. You will reflect whether it is something worth considering in the short-term, long-term or is not of interest. Assignments will help you explore initial preparations for a possible transition to graduate study.
- Become informed about prospective career and post-graduation options, focusing on those related to Geography, and reflect on which options are worth pursuing for potential employment. You will complete a variety of initial preparations for the transition to employment.
- Demonstrate that you have mastered the student learning outcomes for the Geography major regarding content, critical thinking, and communication through completion of a capstone exam and creation of a capstone portfolio.

HOW THIS COURSE RELATES TO THE STUDENT LEARNING OUTCOMES IN THE

GEOGRAPHY MAJOR: *Senior Seminar is the capstone course where we assess your Student Learning Outcomes. We capture Content learning through a Capstone exam and Critical Thinking and Communication Skills through a Capstone Portfolio. Both capstone products are in Module 4, the last portion of this class.*

COURSE SCHEDULE:

CRITICAL DATES: *Capstone Exam will be Week 13 (November 14-21). Draft capstone Portfolio to be submitted Week 14 and Final Capstone Portfolio to be submitted Week 15 (December 16).*

A WEEKLY SCHEDULE OF TOPICS AND ASSIGNMENTS (REQUIRED):

NOTE: If you are using the Canvas syllabus tool a listing of assignment deadlines will be automatically generated.
